

+ Part of the
alivianetwork

We are a Puerto Rican company fully committed to the health of our patients. Aware that our services play a vital role in providing an effective healthcare treatment, we have become the most reliable pharmacy chain on the island, and take this position very serious. Our mission is to offer the best care possible, while always putting our patients first.

**BEDSIDE CONCIERGE
PROGRAM**

A service designed to make your healthcare experience as comfortable as possible.

www.aliviahealth.com

WE SUPPORT YOU DURING YOUR **TRANSITION**

FROM THE HOSPITAL TO YOUR HOME

We know that after being discharged, patients often don't have the chance to go to the pharmacy right away.

That is why our **Bedside Concierge Program** offers delivery of your medications straight to your hospital room or home, guided by the highest-quality standards in the healthcare industry.

We also provide medication management support during the discharge process, ensuring compliance with your post-hospitalization therapy to prevent relapses in conditions, such as:

- + **Cardiovascular Diseases/Diabetes**
- + **Respiratory Conditions/Asthma**
- + **Gastroenterology**
- + **Pain Management**
- + **Rheumatology**
- + **Antibiotics, among others**

Our team of pharmacists, pharmacy technicians, nursing professionals, and consulting physicians are available to serve and assist our patients at all times.

BENEFITS

- Prior Authorization Management of health insurance.
- Delivery of medications to your hospital room or home.
- Replacement Therapy Management with the physician who handled your hospitalization.
- Patient guidance regarding the use of medications and their possible side effects.
- Medication reconciliation - before and after hospitalization.
- Therapy Adherence and Compliance Programs / Refill management.
- Immunizations / Vaccines

We accept the majority of health insurances in Puerto Rico, including the Government Health Plan and most Medicare Advantage plans.
